Calder Garage Owner to Contest Conviction in Higher Court

An appeal will be launched against the conviction in city police court Wednesday of a Calder garage owner charged with selling gasoline.

Green, proprietor of Calder Garage, was fined \$15 and costs by Magistrate S. G. Main.

Safety Group To Press For Drivers' Exam

Examination of Alberta auto drivers every five years will be requested by the Alberta Safety Council following the annual meeting in Calgary Jan. 24.

In a draft of safety legislation to be forwarded to the provincial government, the council will also ask for a revision of all auto and truck license laws.

The council will also ask for a revision of all auto and truck license laws. The council will also ask for a revision of all auto and truck license laws.

It is expected strong representation will be made to the government to have shoulders built on to highway or emergency stopping points constructed to allow vehicles to pull off the highway when forced to stop.

Nine of the council's 26 directors are from Edmonton, including chairman-director Howard Stutchbury and safety director Paul Lawrence.

At the hearing, Mr. MacKenzie stated the bylaw was discriminatory and unpopular.

"This bylaw is an attempt to interfere with the basic right of individuals who wish to run their own business in their own way," he said.

Ken Cruckett, council member, stated that the regulating bylaw was passed by the council after discussions with the Automotive Trade Association and after requests from the bylaw.

TAX PREPAYMENTS HIT MILLION DOLLAR MARK

Edmonton taxpayers have poured more than \$1 million into city coffers as prepayments on 1951 property taxes.

Up to Jan. 15, 1950, a total of \$2,200,000 was prepaid on property taxes in order to obtain the special discount.

Boysdale Camp Work Outlined by Director

Underprivileged boys in Edmonton can now enjoy everything their hearts yearn for in a holiday.

This is what the Federation of Community Leagues welfare director, D. R. McNaughton, told members of the Riverside league at their weekly meeting.

Colored films of Boysdale Camp, recently completed, were shown.

Boysdale Camp, located 18 miles northeast of Edmonton, near Fort Saskatchewan, where the mouth of the Sturgeon River joins the North Saskatchewan, is now ready to take a limited number of boys this summer.

Boysdale Camp provides swimming, fishing and camping for underprivileged boys in the city, said Mr. McNaughton.

A great deal more work is needed to bring the camp up to the calibre desired, and a plan for financial assistance was outlined.

Mr. McNaughton said an estimated \$500,000 from the city's 18 community leagues would give the Federation the capital required.

A business meeting of the league followed, and a request made for better attendance at the monthly camps held in the hall.

Youth league president, P. J. Youth, was instructed to call a meeting of the young folk Thursday, Jan. 19, to discuss plans for an ice carnival.

It was also decided that E. Candy should continue his first-aid lecture at the February monthly meeting.

Panel members include B. Patterson, Mrs. D. J. C. Elson, Mrs. H. Smith, Mrs. D. Jones, Mrs. A. Allen and Mrs. T. A. Gander.

Members and interested parents are urged to attend.

Edmonton Council members will play host for the first time when the annual convention of the Alberta Federation of Home and School Associations meets May 7, 8 and 9 at the University.

Church Group Reports Big Membership Gain

Officers and executive committee of British Tabernacle, the Christian and Missionary Alliance, were elected here at the annual congregational meeting this week.

Rev. H. J. McVey was re-elected pastor. Other officers include Robert Williams, treasurer, and J. Marshall, Sunday School superintendent.

During the evening reports on 1950 activities were given by the church officers and departmental leaders. Attendance at the annual meeting was the largest in the history of the church.

New committee members elected are C. L. Fazio, P. E. Trombadori, and Charles Zaharuk. Committee members continuing in office are C. A. Gars, J. E. Clemenger, E. J. Sullivan, J. E. Glenn, Arthur Jasper and R. F. Williams.

Electoral officers are C. L. Fazio, A. Dwyer, Adolph Blument, J. P. Superintendent.

GIROUXVILLE SCHOOL OFFICIALLY OPENED

GIROUXVILLE, Jan. 11.—A new six-room school was opened here Monday by Dr. A. W. Reeves, high school inspector, representing the provincial minister of education, before a large gathering from the surrounding district.

After the opening ceremony the school was thrown open for inspection and lunch served.

Among those taking part and addressing the gathering were Dr. J. B. T. Woods, M.L.A., who only recently retired as chairman of the divisional school board; Dr. J. B. Woodworth, superintendent of instruction; and A. L. Broughton, district superintendent of schools.

Sister Therese d'Avila is the principal of the new school. J. C. Duquette, ex-member of the divisional board, acted as master of ceremony.

Town Permits Total \$272,800 For Past Year

LACOMBE, Jan. 11.—Building permits issued by the Town of Lacombe during 1960 totalled \$272,800. Included in this figure is a sum of \$107,500 for 28 new houses. In addition building permits were issued for \$1000 in improvements and additions to the homes of Lacombe.

During the year permits were constructed by the Empress Hotel to a value of \$30,000. Building permits for new warehouses, business improvements and new business block amounted to \$40,000.

Not covered by the building permits for the year was the construction of a new arena at a cost of \$15,000. The value of the building permits and the rink bring the year's construction to \$347,800.

MORE BOYS THAN GIRLS

DRUMHELLER, Jan. 11.—Briefs for Drumheller district are down over last year by 36 but for the first time in three years, boys outnumbered the girls.

Figures released by Harold A. Brown, division registrar for the past year, show that 186 sons were born as compared to 167 daughters. Ninety-five couples were married during the past year to show an increase of five over last year.

There were 100 deaths registered in the district last year.

EDMONTON BULLETIN, Thursday, Jan. 11, 1961

Agricultural Society Plans 1951 Campaign

DRUMHELLER, Jan. 11.—Members of the executive of Drumheller Agricultural Society recently completed early planning for the biggest year in the history of the organization, and named Tom Kemping, Drumheller district farmer, to the spot of secretary.

A spokesman for the organization pointed out despite outstanding victories of the news at the Toronto Royal Grain Show, the feeling is that the present year will top by a fair margin the efforts of the past three seasons.

During the meeting, executive discussed the annual award of scholarships to juniors for achievement, a project discussed during the recent general meeting.

DISPLAY THEME
Thematic display for the Juniors this year will be "Keeping the Farm and Keeping the Family on the Farm."

The executive, acting on a recommendation from the general meeting, will make a request for the stationing of a home economist to this city. Plans, under guidance of Roy C. Haymond, were outlined for a drive designed to increase membership by at least 1,000 during the coming year.

Committee chairmen for the 1961 term were appointed as follows: Finance, W. H. Acton; membership, Roy C. Haymond; publicity, P. J. Block; junior activities, G. W. Carls; ser-

Ski Meet Set For Week-End

BY JIM PROUDFOOT
ZITSMARKS HUGH GOODWIN, just returned from a week's sojourn at Banff with the University ski team, is full of enthusiasm for the Canadian technique. Along with BOB HYDE, MURIEL SHERIDAN and GERRY GOODWIN, Hughie has been making the most of all directions at the Edmonton ski club.

Hyde, in addition to his duties as instructor, finds time to get some practice on his own hook. WALT THACHUKI shops up as the man to beat in the jumping event. The Edmonton club is preparing to play next to other clubs Sunday in the first inter-club series of the season.

A strong contingent will make the trip from Canmore. Included will be IRVIN SERVOLO and CARL GOTTAAS, who finished one-two in the junior Canadian championships at Banff last year. JOHN DAWSON, DUO LEMMON (local prize-winning) and others are keeping things humming at the Zekine club. The Igloo dwellers have been working hard on their rope toe which, when finished, should be the finest of their kind in the west.

Timberline club enthusiasts are raising a hue and cry to have the cross-country event eliminated from the annual series. Annual Learning-to-Ski lessons, sponsored by the Recreation Commission, are in full swing at Grassby hill, on the south side, and Municipal golf course hill. Newcomer DAPHNE BURKE is chief instructor for the young beginners. Mrs. Burke has done considerable skiing at eastern Canada's million dollar Mont Tremblant centre.

Intercollegiate ski meet is slated for Mt. Norquay, Banff, Feb. 24. Coach NORM RAULT will lead the University of Alberta team into action. He has looking for big things from certain of the freshmen, notably LING MOORE, HUGO GOODMAN and DON CAMPBELL. As mentioned before in several places, FRANK GAIL, former Olympic point winner, may be brought to the city shortly in the interests of local and provincial ski clubs. He is an Alberta instructor. What a stimulus this should prove to be. If the Recreation Commission is able to make a deal with Gail he'll be here Jan. 21, 22, 23.

Famechon Rallies To Earn Decision

ST. LOUIS, Jan. 11.—(AP)—France's Ray Famechon, badly hurt in the first round, made a game comeback to gain a split decision from St. Louis' Charley Riley in a bruising 10-round featherweight bout last night.

It was the second time the European featherweight champion defeated the St. Louis boxer on a close decision here. Famechon seemed likely to get a match with featherweight king Sammy Sadler in New York, providing Sadler goes past Willie Top in their bout Feb. 23.

Riley tore into the European featherweight champ soon after first round began. He drew blood from Famechon's nose with a quick, short right and seconds later opened a cut over his left eye.

Famechon appeared somewhat dazed at the end of the round. Again in the eighth Riley staged a furious comeback with a kidney punch which appeared to have Ray in serious trouble, but the Frenchman hung on until he could regain control of the fight.

Referee Dick Young and Judge Al Goff voted 54-56 for the Frenchman. Judge Gene Ferrell called it 50-50.

Famechon weighed 128½ and Riley 129½.

Running Gov't Like Homemaking Says Edmonton's Busiest Club Woman

By Barbara Fosdick

"I am going to wear out, I'm not going to rust out," Showing little sign of doing either, the speaker was Mrs. Frank J. Conroy, who could confidently lay claim to the title "Edmonton's Busiest Club Woman."

Mrs. Conroy, mother of three boys and three girls all of whom are married, devotes more than one third of each day to her club activities.

"I got into the habit of making every minute count when the children were small," she said, "and can't stop now."

Frequently interested in politics Mrs. Conroy has been a Liberal Party member since 1918. Deploping the lack of enthusiasm among women for government affairs, she said, "Parliament is just doing a big job of housekeeping in which all women should be interested."

POLITICAL HONOR
In 1948 to her fell the signal honor, of being the only woman ever elected president of Edmonton's Liberal Association.

She is Alberta vice-president of National Federation of Women's Liberal Club and was recently elected president of Edmonton Women's Liberal Club.

In addition to radio and public speaking engagements, she has been Ball captain in her home district since 1934 and was member of the Citizens Committee in city elections.

Sitting by the radio one evening in 1946 Mr. Conroy heard his wife's name mentioned in Royal British Columbia Honors list. A complete surprise to them both was the bestowal on her of MBE for war work as Alberta chairman of Women's Regional Advisory Committee.

A member of the Catholic Women's League since 1927 this attractive grandmother was Doreen president for two year period and was convener of "CWL Comfort Corner" in depression years when hundreds of persons were assisted with food and clothing.

STAINCH CAC WORKER
From inauguration date of Canadian Association of Consumers, as Alberta president, Mrs. Conroy has fought for three years to stabilize living costs. Now a past president she switches with pride the gradual growth and effect of that youthful organization.

As provincial representative of National Library Board committee and with membership in Women's Canadian Club, General Hospital Auxiliary and city archives committee, busy woman still finds time to keep house for herself and her husband, a retired real estate operator and income at least once a week in her favorite pastime—bridge.

When engagements permit, Mrs. Conroy retires early with a favorite historical novel, snatching hours from her sleep to catch up on her reading.

"Yes, it is a busy life," she admits, "but I want to crowd into every minute as much as I can for eternity."

"As long as I have my health and strength, I feel it is my duty to do it."

200 War Orphans Given New Start in Swiss Village

beautiful hills of northeastern Switzerland is a unique village—the International Village of Children.

In peace and quiet, learning both the R's and a trade by which to earn their living later on, are about 200 children—orphans from eight western countries of Europe.

At Pexikon, children whose futures once held nothing but poverty, want and fear, now face the world with hope and faith. Founder of this international village is Dr. Walter Corti, a Swiss scientist and author. In 1944, while Europe was still ravaged by war, Dr. Corti wrote an article in which he called for aid for the hundreds and thousands of children wandering across the continent, hungry, dirty, ragged, sleeping in the ruins of bombed-out buildings, stealing and pilfering as they went.

Response from the Swiss was spontaneous. Even many communes in Switzerland came forward, offering land for both young and old and donations of money and from all over the world volunteers to help build the village.

The site was eventually chosen and the village was called Pexikon, after the great Swiss humanitarian and philanthropist, Henrik Pestalozzi.

The children remain at the village until they have completed their education. But if they have surviving relatives they return each year to keep contact with life in their home country.

Got the Hump? Try These Exercises

If there's a fatty little pad rising like a miniature cantaloupe from the back of your neck, chances are it's due to lack of muscle-tone. Try these exercises for eliminating the fatty foundation that allows excess flesh to accumulate at this point.

Standing erect, turn your head and look over your own shoulder. Make certain this is not just an eye exercise, but that your head actually pivots to follow your glance. Turn your head first one way, and then the other.

Next, lie flat on your back. Your arms should rest in a relaxed position at your side. Then, without aid from your hands, lift your head and shoulders as far upward as they'll go. You'll feel the muscles pop all along your back.

Library Stories Promise Adventure

Secrets of "Hidden Duddan and Donald O'Leary" will be revealed at weekend when Miss Blanche Irvine tells children's stories at Public Library.

"Water Lily" will be the other tale told at South Side branch Friday at 4:30 p.m. and Main branch Saturday at 10:30 a.m.

'Back Flips' Give Ease To Spring's Slim Skirts

NEW YORK, Jan. 10.—(CP)—Dance fashion is seeing double, say advance notes on spring style trends.

Everything will come in twos, from the silhouette—one for day, one for evening—through fabrics and colors, two to a costume, down to details such as twin colors and belts, double sleeves, hat brims and skirt flounces.

Ultraviolet is the word for suits and dresses, with last spring and many skirts actually "ducking under" the hips at the back. Walking ease is provided through "back flips" or morning glory flares.

EXTRME FULLNESS
Coats, afternoon dresses, and evening clothes run to extreme fullness. Stately, elaborate evening gowns are reminiscent of the 18th century and Edwardian eras, with boned bodices, puffed overskirts, crinolines and hoops.

Even many of the short evening frocks have their skirts crinolined.

WIDE SHOULDER EFFECT
Various devices are used to give a widened effect to shoulders with out use of padding. They include extra wide and deep dolman sleeves, elbow-length puffed sleeves, yokes, big cape collars, and extremely short full boleros.

Among favored fabrics, light in both texture and color, silks lead in importance. They range from mohair and rich ribbed tulle to paper tulle, chiffon, silk organizes and oriental gauze. There are also terylene, wool, and cotton that looks like wool.

Two more fabric combinations are organic with satin, lace with tulle, wool with tulle, and tulle with tulle.

Steel blue gives the perennial navy—a lighter shade this year—competition for first color choice. Other favorites include bubble, contrasted black and white, blue-lined pinks, tones of violet, and white.

FIFTY golden years of marriage were celebrated recently by Mr. and Mrs. B. Din, Married in Russia, couple came to Canada in 1923 with their seven children. Whole family assembled with 200 guests to mark the event at home of Mr. and Mrs. J. Shugarmann, son-in-law and daughter of couple.

Bustline, Prices Both Raised For Fashions Of '51

LON ANGELES.—(AP)—The bosom will be emphasized in gowns designed by the California apparel creators for 1951.

Creators, 360 manufacturers whose production volume is second only to New York's, say the bust line will be the focal point of interest of most garments.

Opening their new spring market week yesterday, the creators listened to and shared the trend is not toward larger chest. As Franklin Phillips, sportswear designer, says, the idea is "to suggest rather than reveal."

Another revelation will be shorter skirts, raising the hem an inch or so to the upper calf.

On a sadder note: Prices also will be raised.

In choosing a trying pan, male certain the handle is long enough to give you a good grip, smooth enough for comfort, and shaped in such a manner that it will not turn in your hand when you're attempting to lift it, meaning hot, from the fire.

UN Hit, Defended In Forum Debate

World Organization Discussed By 3 Alberta Political Figures

The United Nations organization was attacked last night by two out of three prominent Alberta political figures. Speaking before a political forum yesterday at the University of Alberta, Rev. E. C. Hanson, Social Credit national president, and MP for Macleod, went on record as an opponent of world government.

New Flight Records Set

TORONTO, Jan. 11.—(UPI)—Canada's record-breaking Avro jetliner arrived back at Malton airport here last night after new speed marks between Chicago and New York and New York and Toronto.

The sleek jet plane took off from New York's La Guardia field at 4:18 p.m. EST and arrived at Toronto, a distance of 360 miles, at 5:21 p.m. in the record time of one hour and nine minutes.

A. V. Roe Company spokesmen said chief test pilot Don Houston and co-pilot Michael Cooper-Simpson, who piloted the jetliner, had 70-mile-an-hour headwinds on the New York-Toronto run.

U.S. RECORD
At one time, the jetliner soared to a ground speed of 530 mph, a record for a transport plane in the U.S. The speed jet also reached an altitude of 36,000 feet, the highest mark set by a transport aircraft.

On its Chicago-New York flight, the jetliner clocked one hour and 45 minutes, clipping more than an hour off the time for conventional airlines.

ULCERS-TO-BE BOTHER BEAUTY

WILLYWOOD, Jan. 11.—(UPI)—Screen beauty Elizabeth Taylor said today she is suffering from more than a broken heart.

The 30-year-old star, who last month filed a divorce suit against 23-year-old hotel heir Conrad (Nick) Hilton Jr., said she has "ulcerous ulcers."

"I don't know much if sufficient nations would submit to a world authority," he stated. "A world government means that members must be willing to forego some of their national sovereignty."

Two highway traffic board inspectors are now patrolling the main highway between Edmonton and Nisku in an effort to curtail accidents on the notorious "death mile."

Mr. Gordon Taylor, acting minister of public works, who announced today that the special patrol has been appointed, said that additional inspectors may be detailed to the highway stretch.

15 MPH LIMIT
Last week the minister announced acceleration of the government's plan to limit many places to 15 miles an hour.

Due to construction work now underway on the four-lane highway speed of motor vehicles using the road is limited in many places to 15 miles an hour.

social and economic conditions throughout the world, and can be the instrument for negotiation of disputes. It also provides the means for collective security relieving national policy of the burden of armaments, he stated.

Speaker Gets Sport Title

LONDON.—(UPI)—Hans Macdonald, speaker of the Canadian House of Commons, has been elected patron of the London Canadian Games Association. The organization is affiliated with several hundred Scottish societies scattered throughout the British Commonwealth.

The honor was bestowed as a prelude to the association's sports meet to be held in conjunction with the festival of Britain next May at London's White City Stadium.

Among other patrons are the Duke of Edinburgh and Queen Elizabeth, the Earl of Rosebery and Lord Bessborough, winner of the 400-metre Olympic hurdles title in 1908.

Founder of the games, Councilor John Hayman of Chelsea, said the association was highly honored by the Macdonald's acceptance.

"It is hoped," he said, "that many Scottish societies in Canada will become affiliated with us. What is more, we are looking forward to the time when Canadian athletes and pipe bands will be competing at our games."

Stamp Issue Honors Festival

LONDON, Jan. 11.—(Reuters)—Britain will issue commemorative stamps to mark this year's festival of Britain.

Postmaster-general News Edwards announced yesterday the stamps would be issued "subject to what the King might say." The King is a collector himself and unlikely to say "no."

St. Laurent Speaks Over CBC Tonight

TORONTO, Jan. 11.—(CP)—Prime Minister St. Laurent will speak from London Thursday night over the CBC Trans-Canada network it was announced here yesterday.

The prime minister, attending a Commonwealth conference, will speak on "The Commonwealth and the World Today."

ARMY MESSENGERS DRAW OFFICERS' PAY

WASHINGTON, Jan. 11.—(AP)—Use of messengers and other highwaymen to deliver papers for defense headquarters drew sharp criticism yesterday from senators.

Senator Joseph R. Biden (D-N.J.) and Senator John H. Chafee (R-R.I.) said the practice was "unacceptable" and "unbecoming."

They said the practice was "unacceptable" and "unbecoming."

Nootka Crew Winds Up Training for Korea War

ABOARD HMCS NOOTKA IN THE PACIFIC, Jan. 11.—(CP)—This Canadian destroyer, slated to step into the Korean war this weekend, has brought battle training to its final pitch in the last stages of her six-weeks cruise from Halifax.

The Nootka is due in Japan this weekend to relieve HMCS Sioux, one of the three destroyers Canada has had under the United Nations banner off Korea for more than five months.

Nootka's battle training reached its final phase Tuesday when the 270 officers and men closed up at action stations for a six-hour period and executed almost every conceivable warfare can impose.

At six a.m., action alarm rang throughout the ship.

A few minutes later, anti-aircraft batteries, shrouded in darkness, with searchlights and anti-aircraft searchlights were carried out.

REST AT LAST
In the main galley, Supply Officer Lt. Jim Drummond of Ottawa, attacked the feeding of 270 men action stations. He was assisted by Chief Cook CWO Robert McNeil of Halifax.

The rest of the cooks were assisted as members of gun crews and supply parties.

It was hot at the sun crept up the sky, but those really taking the heat were Lt. Hugh Clarke, VPIC, CPO, Keith McIntyre, VPIC, Albert Sank, and Captain N.S., and all the engine room staff who tailed temperatures of more than 120 degrees.

At noon came the order to rest. Hot, dirty and tired, the men climbed down from their posts.

Alta. Will Spend \$2 Millions On South Irrigation Work

The Alberta government will spend at least \$2,000,000 on Southern Alberta irrigation projects in 1951.

It was learned today that Alberta legislators will be asked to approve an amount at least equal to that appropriated last year for irrigation projects in southern dry land areas of the province. Two million dollars was provided last year and all that amount has been spent.

Total spending on irrigation for the coming year may reach as high as \$3,000,000.

The funds will provide irrigation projects to expand the big Mary and Milk River irrigation systems now operating in southern dry land areas of the province. Two million dollars was provided last year and all that amount has been spent.

Meanwhile, surveys for the Red Deer river division, which will ultimately irrigate thousands of acres in the Hanna area, are being continued by the provincial water department. The surveys for this irrigation project will be sought at the February legislative session, it was learned.

But the Canadian unit itself, the 7th Battalion of the Princess Patricia's Canadian Light Infantry, could only grumble that the "gorilla hunting" search for Korean guerrillas—just too good.

Brig. Frank Flury said that while Canadians are "seeing a bit of action from time to time" while acting as liaison officers or on the staff of forward British and American formations.

But the Canadian unit itself, the 7th Battalion of the Princess Patricia's Canadian Light Infantry, could only grumble that the "gorilla hunting" search for Korean guerrillas—just too good.

Brig. Flury, chief Canadian liaison officer at Gen. MacArthur's headquarters, said the Patricia are bivouacked in a pine-grove forest camp on the banks of the Milyang River.

Granville Street Bridge Steel Priority Asked

VANCOUVER, Jan. 11.—(CP)—Mayor Fred Hume today asked the construction Minister Howe for a priority on 35,000 tons of steel for bridge construction here.

It is wanted for construction of the \$100,000 Granville Street bridge over False Creek in downtown Vancouver.

"I would appreciate it if you could assume priority of necessary steel," said Mayor Hume in a telegram to Mr. Howe.

The new bridge is considered a defence project, providing an outlet from downtown Vancouver in the event of a war emergency.

Blood to Music Is Newest Idea

LOS ANGELES, Jan. 11.—(AP)—You've heard how cows give more milk with music in the background. Well, now a Red Cross is trying the same thing with blood donors.

A mobile blood bank will be set up in West Los Angeles tomorrow and the musical mood will be supplied by a Dixieland jazz outfit.

Centralized Schools Superintendent's Topic

Panel discussions on centralized school services will be the feature of a three-day conference of Alberta school superintendents at the legislative building next month.

The talks will open Feb. 6. Dr. M. St. Laurent, registrar of the department of education, will lead a panel discussion on Alberta's teacher shortage.

Six speakers, two from centralized school services, an RCMP officer and a highway traffic board inspector, will participate in panel discussions on school centralization.

Curriculum problems will be discussed in an open forum during the conference, and the effect of the new County Act on school administration will also be considered.

HOUSEWIVES ANGRY

British Export of Meat Causes Newspaper Headlines

LONDON, Jan. 11.—(CP)—With Britain's meat ration at a historically low level—and most of it tasting like chunks of unseasoned fat at that—a newspaper headline proclaimed today that this country is actually sending meat to Canada, of all places.

Government officials said it is true, all right. But they added that the traffic is so small it really doesn't make any difference.

Just a few hundred tons a year are involved, a Food Ministry spokesman said. "It wouldn't make the slightest difference to the ration."

But the Daily Express, which put the story under the headline "We Send Meat to Canada," quoted housewives' "revelations" that any meat should go abroad.

One firm involved in the Canada-Newcastle business was said to be in Urquhart, Lancashire. It sends meat, originally obtained from Australia, New Zealand and Argentina, in case labelled "seasoned steak," "steak pie," and "minced beef."

An official of the firm, as saying this trade seems dubious.

"We sell on quality," the official was quoted as saying. "Only that and the fact that the price is in the middle range enable us to compete with Canadian meat pickers."

The British ration now provides 16 pounds (about 12 cents) worth of fresh meat a week. It can get it. Most butchers are trying to get by with beef and frozen lamb.

This reporter did the family shopping last week and came up with two stringy steaks—the only meat from British sources we have been able to get in a month.

This is a family affair.....
